Re: 2020-275-S. Application of Condor Environmental, Incorporated Requesting an Expansion of Its Existing Sewer Service Area to Include Certain Portions of Anderson County and Approval of Agreement (Expedited Consideration Requested)

Dear Mr. Butler:

Condor does not oppose ORS's request for an extension to provide a status report filed today. I also write to provide Condor Environmental, Inc.'s status report in response to Commission Order No. 2021-92. On February 4, 2021, ORS served its Second and Continuing Request for Books, Records, and other Information. Condor and ORS had a telephone call the morning of February 8, 2021 (the same day as our status conference) to discuss the information requested. Condor responded to ORS's requests on February 16, 2021, and ORS is reviewing its responses. Condor has also been contacted by counsel for Renewable Water Resources ("ReWA") the public service district's interest in this application, and ReWa's counsel is copied on this letter.

Condor remains hopeful this matter can be brought to a satisfactory conclusion to all concerned, and suggests the Commission hold this matter in abeyance and require the parties to report their progress on April 1, 2021.

With best wishes, I am,

Sincerely yours,

*s/ Charlie Terreni*

Charles L.A. Terreni
